Brief syllabus:

The subject „Architectural Research for Exchange Students” offers the possibility for intense research activity in various topics. The Department of Urban Planning and Design starts eight research topics in three different languages (English, french, italian). For each topic there is a registration limit of 6 persons. People working on the same topic may work together in groups, but to fulfill the requirements of the course students need to hand in individual studies at the end of the semester. The works have to be prepared in a language agreed by the tutor, but an abstract in English is also required. All the abstracts and a selection of the best studies will be published and also a conference will be organized for the students to present their work.
